DESCRIPTION

A premium, ready-to-use 50/50 blend engine coolant specifically formulated to meet the unique demands of Asian makes and models requiring a red/pink Phosphate-Enhanced Organic Acid Technology (POAT) formula. This advanced long-life coolant is Silicate and Borate free, ensuring compatibility and long-lasting protection against rust and corrosion for all cooling system metals, including aluminum. With a service life of up to 150,000 miles or five (5) years, MOC's super long-life coolant keeps Asian cooling systems running, cleaner, cooler and longer.

APPLICATION

Follow the vehicle's owner manual for instructions and dilution percentages before adding or changing antifreeze/coolant. Note: Color may change and performance may be impacted if mixed with traditional green antifreeze /coolant.
