

FAST GLOSS

AUTOMOTIVE DRESSING - #5102

PERFORMANCE RATINGS:

- Gloss - 8 Durability - 7

OUTSTANDING FEATURES

- Leaves a glossy, water-resistant coating on tires & exterior trim.
- Quick-dry formula reduces runs and product "sling."
- Restores faded rubber and protects against UV damage.

DESCRIPTION

A fast-drying, solvent based, silicone tire dressing. Fast Gloss™ leaves a gloss protection on tires and exterior trim. It is crystal-clear and has a solvent odor. This product is not recommended for interior use due to its volatile and slippery properties.

APPLICATION

Using a trigger sprayer, carefully apply a fine mist to the surface or, with a damp sponge, wipe down the surface. Remove excess product from surfaces with a soft, clean cloth (if insufficient time for total drying, wiping the surface with a cloth can aid in preventing "sling"). Warning: "Sling" can stain some painted-plastic surfaces around the wheel wells.

SPECIFICATIONS

Appearance	-	Liquid
Color	-	Color Less
Odor	-	Solvent
Test	ASTM Method	Typical Results
Density, U.S. (lbs/gal) @ 68°F	D4052	~6.5

PACKAGING

Fill: 1 gal.	Case Quantity: 4 Bottles	Case Weight: 29 lbs.
Fill: 5 gal.	Case Quantity: N/A	Case Weight: 36 lbs.
Fill: 55 gal.	Case Quantity: N/A	Case Weight: 400 lbs.
