

AQUA BEADS

AUTOMOTIVE WAX/RINSE - #6285

PERFORMANCE RATINGS:

- Foaming - 2 Concentration - 10

OUTSTANDING FEATURES

- A highly concentrated rinse and spray wax for car wash tunnels.
- Enhances gloss and sheds water from exterior.
- Can be diluted and applied with a spray bottle.

DESCRIPTION

A concentrated car-wash rinse aide that promotes sheeting action, increased drying efficiency and a gloss finish. Designed for use in automatic car-wash machines, pressure washers, or hand application to create spot-free rinse.

APPLICATION

DIRECTIONS: 1) MACHINE USE: Dilute product with water according to chart below. Follow machine manufacturer's directions for application. **2) HAND USE:** Dilute product with water according to chart below. Spray diluted solution on vehicle exterior using a trigger sprayer.

TYPICAL DILUTION RATIOS WITH WATER: Premium Dilution 40-60 parts water to 1 part product. Regular Dilution 61-80 parts water to 1 part product. Economy Dilution 81-100 parts water to 1 part product.
